## Summary

SDET with 9+ years of experience in Automation and Manual testing.

- Expertise in UI Testing, API testing, Automation Testing, DB Testing, Accessibility Testing and Performance Testing
- Having experience in STLC - requirement gathering, test planning, test designing, test execution, defect tracking, and Reporting.
- Experienced in Agile Software Development Methodologies.

## Experience

### Senior Test Specialist

MinoriLabs

Mar 2024 - Present

### Senior Quality Assurance Engineer

Oracle

Oct 2021 - Jan 2024

### Technical Test Lead

Infosys

Jul 2021 - Oct 2021

### Sr Test Engineer

Gartner

May 2015 - Jul 2021

## Education

### Vel Tech HighTech Dr.Rangarajan Dr.Sakunthala Engineering College

Bachelor of Technology - BTech, Information Technology

2009 - 2013

## Licenses & Certifications

### Professional Scrum Master I - Scrum.org

## Skills

Agile Methodologies • Gherkin • Git • Agile Testing • MySQL • Functional Testing • Test Automation • Behavior-Driven Development (BDD) • Selenium • Java • C#

## Honors & Awards

FRED (Firmwide Recognition of Excellence and Dedication) - Gartner

5 times received FRED (Firmwide Recognition of Excellence and Dedication) award

## Projects

### IQTech-Wittern

Mar 2024 – Present Tasks/Achievements:

- Web application testing on IQTech portal
- Effectively tested the application and ensure the successful release on every sprint
- Performed API automation testing
- Built the automation framework from the scratch (Playwright MSTest C#)
- Configured CI/CD process via GitHub Actions (Custom Automated Workflow)

### Digital Gateway (Integrations with Clinical One)

October 2021 to January 2024 Tasks/Achievements:

- Web application testing on Digital Gateway
- Effectively tested the application and ensure the successful release on every sprint
- Performed API automation testing
- Performed accessibility testing (VPAT)
- Handled 13 types of integrations with Clinical One (Argus, InForm, Rave, Veeva, Fisher Request, Fisher Response, Catalent Request, Catalent Response, PMD, Almac, Data Intake, CDISC, CTMS)
- Technology & Tools: Agile, JIRA, TestRail, Postman, C# & JAWS

### Content Planning and Production (CPP)

September 2019 to July 2021 Tasks/Achievements:

- Web application testing on CPP websites (both Manual and Automation using Cucumber BDD)
- Effectively tested the application and ensure the successful release on every sprint

- Performed API automation testing using Postman tool
- Designed and executed the performance test scripts and shared the results with team
- Configured the Jenkins (CI/CD tool) jobs to trigger the nightly run of automation test
- Maintaining the automation scripts efficiently on Git repository
- Received the FRED award for “Always generous to his work” Technology & Tools: Agile, JIRA, Cucumber BDD, Git, Jenkins & Postman

### **Gartner Assessment Platform (GAP)**

January 2019 to September 2019 Tasks/Achievements:

- Web application testing on GAP websites (both Manual and Automation using Cucumber BDD)
- Effectively tested the application and ensure the successful release on every sprint
- Received the FRED award for “Actively participated in Release activities” Technology & Tools: Agile, JIRA, & Cucumber BDD

### **CEB Hackathon - Eagle Mind (Mobile Survey App)**

September 2016 to October 2016

- Tested Android mobile Survey app using Appium
- Received the FRED award for “Apt Support”
- Project selected as an honorable mention in CEB Hackathon 2016 at Gurgaon

### **Generic Form Editor (GFE)- (Automation QA)**

January 2016 to April 2016 Tasks/Achievements:

- Individually completed the automation for Generic Form Editor (GFE) application
- Configured the Jenkins (CI/CD tool) jobs to trigger the nightly run of automation test suites
- Technology & Tools: Selenium & Jenkins

### **Metrics That Matter (MTM)**

May 2015 to December 2015 Tasks/Achievements:

- Web application testing on MTM websites (both Manual and Automation using Selenium)
- Was part of keyword development team for the Automation Selenium hybrid framework
- Running smoke suite and analyzing in-case of failure in suites Technology & Tools: Selenium & Agile

### **Interests**

Automation • Networking • Roadside long travel • Trekking
