Hariprashath S

Frontend Developer with 2.5 years of experience in building dynamic and responsive web applications using Angular.
Proficient in modern frontend development practices.
A proactive team player with strong leadership qualities and a passion for delivering high-quality user experiences.

Work Experience

Cognizant Technology solutions

Aug 2022 - Present

<u>Project Details</u> - **Bayer Radiology insights**

<u>Domain</u> - **Life Science, HealthCare, Agriculture**

- Analyzed BRDs with senior developers to define UI requirements.
- Developed interactive UI components—dashboards, data tables, and menus—using HTML, CSS, Angular Material, and Chart.js for data visualization.
- <u>Implemented a user walkthrough solution with **ngx-ui-tour-md-menu**, integrated across the app based on user roles and access levels; owned the module logic.</u>
- <u>Led application translation into 18 languages (`100 screens), achieving 98% accuracy using **ngx-translate** across 8 stages.</u>
- Increased code coverage by 60%-70% through unit testing with Jasmine and Karma, covering services, API calls, and HTTP requests.
- Integrated Power BI API dashboards into the frontend for data reporting.
- Currently working on OSWAP and user management features for security and access control.
- Worked with the testing team to resolve issues and ensure functional integrity
- Used SonarQube for code quality regulation and ensuring adherence to best practices.
- Enhanced user experience by adding toaster messages and various pop-up modals for better user interaction.
- Familiar with Git and GitHub Desktop for version control, ensuring efficient code maintenance and collaboration.
- Experienced with Azure DevOps portal for deployment, creating pull requests, and monitoring pipelines in collaboration with senior developers.

Educational Background

B.Tech Electrical and Electronics Engineering

B. S. Abdur Rahman Crescent Institute Of Science And Technology
Aug 2018 - June 2022
secured 8.9 CGPA

Skills

Technical Skills

- HTML, CSS, JavaScript
- TypeScript, ES6
- Angular 13+
- Angular Material
- Bootstrap
- Angular unit testing (Jasmine, Karma)
- Sonar Qube
- Git/ GitHub desktop
- Agile methodologies
- Azure for deployment
- Nodejs (basics)
- Mysql (basics)

Libraries worked/used

- Ngx-Translate
- Ngx-Ui-tour-md-menu
- html2canvas
- ng2-charts

Certification/Short Courses

- Complete guide on Angular - Udemy
- Angular testing - Udemy
- Software development methodologies., etc

Languages

- English (Fluent)
- Tamil(Fluent)
- Hindi (read/write)

Additional Activities

- Organized various Teambuilding activities in office and outside office
- Held the role of **General Secretary** for my department's symposium, leading the planning and execution of the event of budget 1 lakh
