SUMMARY

Experienced Java Angular Full Stack Developer with expertise in designing and developing scalable, high-performance web applications. Seeking a challenging role to apply my expertise in creating efficient and user-friendly web applications. A proud team player focused on achieving project objectives with speed, accuracy and actively involved in meeting the expectations of client and requirements.

EXPERIENCE

Senior Software Engineer
LTIMINDTREE   11/2024 - Present

- Collaborating with product managers and stakeholders to translate business requirements into technical solutions.
- Optimizing existing codebases for improved performance and maintainability.
- Implementing strategies to enhance system performance, scalability, and security.

Software Engineer
LTIMINDTREE   01/2022 - 10/2024

Full Stack Developer

- Successfully transitioned into an active project role, contributing to the development of dynamic web applications for Citi Bank.
- Collaborated with cross-functional teams to design, develop, and implement solutions using Angular for the front-end, Java for the back-end, and Spring Boot for streamlined application development.
- Designed and created responsive and interactive user interfaces, ensuring an exceptional user experience.
- Developed and maintained the relevant database in Oracle SQL Developer for CRUD operations.
- Conducted thorough testing, debugging, and optimization to improve application performance and user/client satisfaction.
- Contributed to the maintenance and enhancement of the codebase.
- Collaborated with senior developers on projects to improve coding skill.
- Managed source control repositories with Git including branching strategies and pull requests.
